DEPARTMENT ORDER # 2
SERIES 2026-2027

Date: 01 JULY 2026

FORMATION OF TECHNOLOGY COMMITTEE

(To be read in the camps and retained in Camp files)

1. At the 145th Encampment, it was voted that the Pennsylvania Department purchase audio and recording equipment to be used during our Encampments and to record the minutes. The purchase of this equipment can not be made until a determination is made as to where this equipment will be stored between Encampments. A motion was made to have a committee formed to resolve this issue.
2. At the 146th Encampment, this issue was again brought up during the business meeting.
3. During the course of the last year, I asked the Department Signals Officer and Webmaster, Brother Kevin Kuhn, to investigate upgrading and/or revamping the Department website. Brother Kevin presented a preliminary report to the 146th Encampment and recommended we continue to investigate our options.
4. As the result of the above a Technology Committee will be formed comprised of the following Brothers:

Chairman: **Kevin Kuhn, CC**, Col. Jacob Cambell Camp 14
Glenn Rodel, CC, Baker-Fisher Camp 101
John Inman, PCC, Issac Eaton Camp 504
Brian Harris, JVC, Baker-Fisher 101

5. This Committee will work to investigate the cost to upgrade or redo the Department Website and report their findings to the Department Elected Officers.
6. In addition, they will investigate what is the best audio equipment to purchase with the money allocated by the Department, and to determine how this equipment will be stored between Encampment. They are tasked with a cost-effective means of storing it and shall report their findings to the Department Elected Officers.

SO ORDERED IN FRATERNITY, CHARITY AND LOYALTY
